This week we have been learning about the Fire Service. We have learnt lots of new songs, why not see if your child can remember them? We have worked together to create our own fire engines, using red, black and blue to paint an old box, we enjoyed it so much we made 3 fire engines!. Some of the children also chose to paint a picture of a fire engine with some wonderful results, which the children proudly placed on our 'People who help us' display.

Outside the children took turns to 'put the fire out' using spray bottles filled with water. They also explored gravity by pouring water and (cars) down the guttering tubes.

Pre-school children have made their own jam sandwiches for snack, fantastic for motor development alongside developing their independence.

The shaving foam proved very popular, from exploring the sense of touch, to mark making in the foam.
